FOR PRESIDENT,

WM. McKINLEY.

FOR VICE-PRESIDENT,

THEO. ROOSEVELT.

China standing with its knife at the
throat of diplomatic foreigners gives
Li Hing China authority to "sue for
peace." There is no limit to the double
dealing of which the Emperor is cap-
able. Peace at her terms will be the
never ending peace that follows desecration.

The quiet contempt with which Lord
Roberts details the scheme to carry him
off indicates that the general regards
the affair as very much of a joke, ex-
cept as it shows revengeful spirit still
rampant within the "padded" territory.
While such plots are hatching under
the nose of army headquarters, little
dependence can be placed on the war-
ranted Boers in any part of the
Transvaal.

With Gen. Joe Wheeler declaring for
a large standing army, ex-Senator Leo
Mantle deserting the free silver side
and returning to the Republican ranks,
coupled with Governor Thomas' pre-
dication that Bryan will lose heavily in
the Western States presents a dubious
Democratic outlook that even the boy
crator of the Platte will have difficulty
in explaining out of his pathway. The
rapidity with which the hybrid political
structure of the Democracy is losing
its supporters is fast becoming the
principal feature of the campaign.

NEWS OF THE TRANSPORTS

San Francisco, Aug. 10.—Work at the
transport dock is now confined to preparing
the Warren for sea. She will take a large
quantity of supplies in addition to troops,
and will sail next Thursday for Nagasaki
and Tokyo. None of the animal transports
are yet ready to load for China or the
Philippines but some of them will get
away soon.

San Francisco, Aug. 11.—The policy of
the Government to secure the very largest
vessels available for service between this
port and China and the Philippines is
again manifested. The Alga, the largest
freighter in the Pacific, has been chartered
for the transportation of troops and sup-
plies to China. She is now on the other
side of the ocean, having sailed from
Hongkong seven days ago. This gives
the Government the three largest steam-
ships in the Pacific, the Alga having the
largest capacity and the Californian and
Strathgyle coming next in the order
named.

San Francisco, Aug. 11.—The animal
transport Attec, which has been fitted up
at the Union Iron Works went alongside
Folsom-street wharf yesterday and today
will begin taking on her cargo of 502
horses for China. The Siam will also be
begin loading at Folsom street today and
will carry a large cargo of commissary
supplies for the troops in China. The
Belgian King is still at the Union Iron
Works, but is expected to sail soon with
horses and siege guns for the troops in
China. The Strathgyle will take 750
horses.

RUSSIA TAKES NEWCHANG.

St. Petersburg, Aug. 10.—The Rus-
sian Admiralty has received the fol-
lowing dispatch from Admiral Alexieff:
"Newchwang, Sunday, Aug. 5.—The
Chinese town of Newchwang, on the
Gulf of Liao-tong, was captured Aug-
ust 4th, two warships taking part in
the bombardment. The inhabitants
were disarmed."

The Russian War Office has received
the following dispatch from Grodekoff:

"Khabarovka, Aug. 9.—General Ren-
nekampf, August 7th overtook and de-
feated the enemy beyond the Amur
river, capturing two guns. The battle
was continued as far as Jgest. Dur-
ing the evening of August 7th the Chi-
nese assumed the offensive on both our
flanks. They were driven back with
great loss. Rennekampf has been re-
inforced with infantry, artillery and
cavalry.

The railroad north of Tashi Tsao is
in the hands of the Chinese, who de-
stroyed the station at Hancheng Aug-
ust 6th and damaged the line. Han-
cheng was recaptured after an obstinate
fight. The mountain floods inter-
fere with the reconstruction of the
line."

It is officially announced that the Rus-
sian troops captured Kharbin August
22.

THE HAWAIIAN TRAFFIC

COLONIALS GROWL AT
U. S. SHIPPING LAW

Appeals to Governments to Stop the
Subsidies to San Francisco
Steamers in Default of
Open Door.

The following dispatches appear in
the New Zealand Herald:

Wellington, Aug. 2.—A letter has
been sent to the Postmaster General
by fifteen New Zealanders, who were
passengers on the R. M. S. Moana's last
trip, drawing attention to the manner
in which the American shipping law is
operating to the disadvantage of ves-
sels sailing under the British flag, so
far as trade between Honolulu and
San Francisco is concerned. This law
provides that no vessels other than
American shall be allowed to carry
freight and passengers between Ameri-
can coastal ports, and since annexation
the Hawaiian Islands rank as a coastal
port. The writers consider such a po-
sition so entirely opposed to the Brit-
ish "open door" policy as to call for
special remark, particularly in view of
the fact that a subsidy of £30,000 is
now being demanded from the New
Zealand Government for a service from
which British ships are entirely exclu-
ded. At a meeting of New Zealanders
the following resolution was carried:
"In view of the American law, which
prohibits British ships from carrying
passengers and cargo between Honolu-
lu and America, the New Zealand pas-
sengers on board the Moana wish to
express their hope that a subsidy will
not be granted to the new American
line if British ships are to be excluded
from participating in it." The letter
concludes by hoping the publication of
these facts will help straighten the
hands of the Government in their well
known desire to obtain fair treatment
for the British flag.

Sydney, Aug. 2.—Mr. Creed moved
the adjournment of the council to call
attention to the effect on the prosper-
ity of Australian commerce produced
by the annexation of Hawaii, and the
effect on the mail lines between Syd-
ney and America. He pointed out that
the American navigation laws prevent
our steamers taking a passenger car-
go at Honolulu. This was a serious
handicap to British steamers traveling
to Australia via San Francisco. He in-
stanced the circumstances in which the
Moana would be placed as against the
Mariposa and Alameda. In view of the
American Company seeking a subsidy,
the whole question demanded serious
attention.

Mr. Sutter promised that the Gov-
ernment would bring the matter under
the notice of the British Government.
